

Independent Insurance Agents and Brokers of Arizona, Inc.
We want to talk to you about your E&O Coverage.

BEAZLEY GROUP

BEAZLEY BREACH RESPONSE FOR MEMBERS OF INDEPENDENT INSURANCE AGENTS AND BROKERS

Program for companies with < \$10,000,000 in revenues

UNDERWRITING GUIDELINES

Other than the exceptions listed below, Beazley will entertain all IIA Members that wish to purchase BBR coverage. Beazley may elect not to offer insurance coverage on any account that provided unacceptable answers to any of the questions on the application.

CLAIMS HISTORY

New business IIA risks: Prior cyber claims/incidents are not eligible for the program.

Renewals with open claims will not be eligible for program terms at renewal and underwriters will require supplemental information as they fit to understand additional risk protocols implemented as a result of a particular claim/incident.

Renewals with >50k incurred within the last five years will result in non-renewal.

RISKS WITH IDENTIFIED VULNERABILITIES:

Beazley has partnered with Cyence (Guidewire) to utilize their expertise and data, to find ways to provide additional value to our brokers and insureds, further enhancing our 360 value proposition. By utilizing Cyence tools to isolate the publicly observable characteristics of our insured's cyber profile we are able to determine whether or not they are susceptible to such a vulnerability. Beazley will scan their Breach Response book monthly and will notify those insured where vulnerabilities have been identified. We recommend that this notification is shared with the insured so that a response can be provided on the action taken to secure their systems against such vulnerabilities.

CONTACT: Joni R. Fairbrother, CIC, RPLU – joni@iiabaz.com

Direct Line: 602-732-2869, Main Office: (602) 956-1851,

Independent Insurance Agents and Brokers of Arizona, Inc.

We want to talk to you about your E&O Coverage.

For your convenience, we are listing a few cyber security resources below if you would like additional information about addressing remote access security.

ADDITIONAL RESOURCES:

- Beazley and Lodestone Security podcast on RDP and RDG vulnerabilities: <https://www.buzzsprout.com/409588/5034008>
- Lodestone Security's blog on the potential issues with RDP and effective ways to reduce the risk: <https://lodestone.com/>
- Lodestone Security's advice on how to properly secure RDG: <https://lodestone.com>
- For additional information about remote access security, visit Beazley's risk management website: https://beazleybreachsolutions.com/usa/login.html?returnURL=http://beazleybreachsolutions.com/usa/it_security_planning/reducing_your_risk_securing_rdp.html
- Coveware Q2 2020 Ransomware Marketplace Report: <https://www.coveware.com/blog/q2-2020-ransomware-marketplace-report>

Required actions as it pertains to notified vulnerabilities – for those Insureds where vulnerabilities have been identified, Beazley will require updates on remediation efforts prior to binding the next renewal term. Failure to address this vulnerability prior to binding the renewal will result in our refusal to bind renewal terms.

TO BIND COVERAGE:

1. Choose the option number and premium from the chart.
2. Complete the application.
3. Attached premium check, made payable to "Insurance Agents Services, Inc."
4. You may mail to:

**IIABAZ
333 E. Flower Street
Phoenix, AZ 85012**

SUBMISSION REQUIREMENTS:

- Standard BBR application to be completed for risks >\$10,000,000 revenues; IIA application will be accepted for risks up to \$10,000,000 revenues for options as referenced in herein
- Program pricing does not apply for risks >\$10,000,000 revenues
- For risks in \$5,000,001 - \$10,000,000 revenue bands: If additional limit options are requested beyond what is offered through the program, we will require a full Beazley Breach Response application prior to quoting. The IIA application will not be a valid application for limits outside of this program.

REQUIRED RISK CONTROLS:

- 1) Multi-factor authentication enforced for remote access
- 2) MFA for email accessed through a web app on a non-corporate device
- 3) All devices are protected with anti-virus, anti-malware, and/or endpoint protection software;
- 4) Critical data is regularly backed up and 4) Backups are kept separate from your network or in a cloud service designed for this purpose.

If the above risk controls are not in place, we will require written confirmation prior to binding that the risk control will be implemented within 30 days of binding, unless otherwise amended in writing by Beazley underwriters.
